
HOSTING OF SQUASH CENTRAL TOURNAMENTS

These guidelines can always be found on our website under organization resources.

Guidelines for Tournaments:

Please remember when allocating match times your players should have at least three hours from completion of their match before they have to return to the court for another match.

Cash prizes should be given wherever possible. Your consolation plate prize should be of minimum value as the entry fee. The only exception is juniors.

No match should be programmed to commence later than 10.00pm or earlier than 8.00am each day.

Visiting players should not be expected to play before 6pm Friday night unless specifically agreed to with both player(s) concerned.

Results and photos of the winners need to be supplied to the District Secretary within 2 days of the tournaments completion for publication on the Squash Central website.

A written report, with budget and results is required within one month of the event. The main purpose of this is to help Squash Central improve these tournaments and assist future hosts venues/clubs.
