

SQUASH CENTRAL 2024 PLAYER'S REPRESENTATIVE BOOK

This booklet provides an overview of the Squash Central High Performance (HP) Player's Representation Programme and sets out expectations for participants and their support parties. It also explains what you can expect from Squash Central and their employees involved with the programme.

Representative Programme

The aim of the Representative (Rep) programme is to support talented squash players in achieving their performance goals and to provide opportunities to represent the District at various events. The Rep programme caters for Junior, Senior and Master players within the Central District, plus National Graded Championships. We recognise coaches form an important part of the programme and also take their expectations and goals into consideration.

The Squash Central committee oversees the Rep programme. The Team Conveners and District Coaches together with the District Coaching Coordinator are responsible for the planning of and implementing the rep programme.

Goals

Squash Central are committed to the Representative Programme and will endeavour to:

- Provide a positive environment where players can thrive and further develop their game.
- Form training squads from which rep players may be selected from.
- Provide training camps.
- Provide competitive opportunities for players.
- Encourage the early identification of talented players.
- Encourage coaches to further their learning.
- Encourage players to be confident and competent referees.

By doing this, Squash Central hope to achieve:

- Squads with strong team bonds with good team spirit on and off the squash court.
- Players who know the opportunities available to them, through the District Representative Programme, National Representation, and referee pathways.
- Prepare players for the demands of squash at a District Representative level or for National representation.
- Provide a base within the district of motivated and competitive players who have a desire to progress in a high-performance environment.
- Develop future mentors and coaches.
- Provide a base of technically, tactically, physically, and mentally prepared players from which Squash Central teams can be selected.
- Coaches who understand the value of further training and how to achieve this.
- A base of experienced coaches who have the ability to deliver quality programs for players to achieve successful outcomes.
- Players who hold current referring qualifications, who may extend their learning through the National Referee Pathway.

Expressions of Interest

Applications are welcomed from all members of affiliated Squash Central clubs. Please note applicants are approved on the ability to form suitable training squads. As our HP squads are aimed at fostering the growth of the district's talented players, unfortunately not all applications may be successful.

Our HP programme plays an important part in the selection process of our District Representative Teams. Players who want to be considered for a position in a Rep Team should ensure they register their Expression of Interest. Team positions are considered for each individual event. Please advise your Team Convener your availability.

The Expression of Interest form can be found on the Squash Central website. Applications are made at the beginning of each season, following appropriate advertising on the Districts Facebook page, Webpage and weekly newsletters to Clubs.

All applicants are reviewed and approved by the Squash Central Committee. The appropriate Team Convener will be in touch to confirm your acceptance.

Team Conveners

Due to a change of the district's AGM date, these positions are appointed early in the new year. Until such time, the current Convener position holders will continue to work in the roles.

Players Charter

The purpose of the player's charter is to put in place a standard of professionalism that players are expected to adhere to if they wish to represent Squash Central.

Expectations of Players

In addition to the Code of Conduct form please note:

Rep Coaches and Team Convener are to be advised of any injury immediately.

Appropriate behaviour is expected when part of a squad or team at any venue.

Squash Central may submit teams for Sports Awards and request you make yourself available to any award events.

Please be respectful and responsible when communicating through social media.

Player's on and off the court behaviour should be in keeping with the knowledge that as part of a Squash Central Squad they are representing their district. This means:

YES – Players may question dubious decisions in the correct way.

YES – Following Drug Free Sport NZ policies.

YES – Follow the players code of conduct.

- NO – Rackets being thrown – on or off the court.

- NO – Verbal abuse to referees, opponents or officials. - NO - Initiations of new players.

All players are, through their performance and behaviour, a reflection of the quality of the Squash Central HP Representation Programme. As such, players must train with a level of commitment that is in keeping with their own, and Squash Central's stated goals. Players need to have balance in their lives, so they are successful not only in squash, but also at work, school and in their personal lives.

Players are reminded they are representing the Central District in a competitive environment and they must ensure they look after their bodies with sufficient rest/sleep and good nutrition.

Drugs, Alcohol, Smoking (vaping) & Substance Abuse

Under no circumstances is the consumption or taking of any drugs, smoking, vaping or any substance abuse permitted (regardless of type, amount or method taken), at any stage while in accommodation quarters, attendance, participating, travelling to and from training/ tournament (in Squash Central provided accommodation or travel arrangements). Alcohol is not to be consumed at any Junior events even if 18 years or older. Seniors and Masters are reminded while 1-2 drinks are acceptable after competing, anything further may hinder performance and is not considered in keeping with this charter.

Should Squash Central staff or team management become aware of a potential breach, an investigation will take place with the potential of dismissal from the Representative squad. If at an event this can include returning home at your own cost.

Mobile Phones & Other Electronic Devices

The use of mobile phones and other electronic devices are accepted in many situations and will not be reasonably curtailed. However, the use of devices in changing rooms or during team talks is not acceptable.

For Juniors - Use of devices after the "lights out" curfew is not allowed. If there are repetitive breaches a device may be collected by team Conveners and returned the next morning.

The viewing and downloading of objectionable material is also prohibited in any form, manner or medium. Such actions may also result in the dismissal from the team and/or confiscation of the material or device used.

Expectations of Parents: (For Juniors)

Parents play a very important role in the development of players. Communication between Coaches, Conveners and Parents is crucial to ensure a consistent message is portrayed to players. Parents are encouraged to acknowledge and understand the commitment required of our Representative players.

Whilst families and friends are always welcome to attend and support all events, it would be appreciated if you allow the team space to

bond on and off court, including at team accommodation and for your child/ren to immerse themselves into the team experience.
