

Appendix 1: District Composite Club Team Request form:

Two clubs from the same district can merge to form a team to compete in their District Superchamps Eliminations Competition if they meet one of the following criteria:

- a) Both clubs each have less than 7 eligible and active players on their grading list in the relevant grade,
- b) One club has less than 7 eligible and active players on their grading list and players from another club do not make their club's team. E.g., A C2 player does not make their club team of 7 top C Grade players. In this instance, the player's home club must agree for the player/s to represent another club and all players must come from the same club.

Where possible clubs merging should be neighbouring i.e., relatively close by to each other, not opposite ends of a district. It will be at the districts discretion as to what counts as 'neighbouring' in their district.

Teams must apply to their districts for approval prior to the district competition entry closing date (check with your district for the deadline). If the district rejects the application the team will be notified their application was not successful. If the district approves the application, they will submit a recommendation to SNZ for final approval prior to the district event.

Please complete the following form and submit to your District Captain - Amy Simpson by **30th May 2024**.
